

Yachna

Full Stack Developer

✉ yachnarupwal@gmail.com | ☎ +91 9306466035 | 🌐 <https://www.linkedin.com/in/yachna-r/>

Education

Chandigarh University MCA

Mohali, Punjab
Graduating May 2026

Relevant Coursework: Web Programming, PL/SQL, DBMS, Agile Methodologies, Web Analytics

Other Coursework: Linux Administration, Computer Network, Mobile Application Development, Network Administration, IOT, Business Analytics, Machine Learning, DAA

Delhi University BSc (H) Computer Science

Delhi
Grad June 2024

Coursework: C++, Computer System Architecture, DSA, Operating Systems, Computer Networks, Web Design and Development, Software Engineering, DBMS, Theory of Computation, Microprocessor, Artificial Intelligence, Machine Learning

Skills

- **Frontend:** JavaScript, React.js, Tailwind CSS
- **Backend:** Node.js, Express.js, REST API
- **Database:** MySQL, MongoDB, SQL
- **Tools:** Postman, Git, Vercel, ClaudeAI, Cursor
- **Methodologies:** Agile, Scrum
- **Other:** Tableau, Kotlin, Flutter, Android Studio, Cisco Packet Tracer

Projects

GANTAVIA – Full Stack Tourist Companion Web Application

React.js | Node.js | Express.js | MongoDB | JWT | Tailwind CSS

- Developed a full-stack travel web application for destination exploration, trip planning, and booking management
- Implemented secure user authentication (JWT) and protected routes
- Built trip planning system with budget estimation, and activity suggestions
- Integrated real-time weather API and Google Maps for enhanced user experience
- Designed booking system with user-specific dashboard and MongoDB backend storage
- Developed RESTful APIs and handled frontend-backend communication using Axios
- Used Git & GitHub for version control, branching and pull request collaboration

YASDEV - Front-End Developer

<https://www.yasdev.com/>

Typescript | Next.js | Tailwind CSS

- Developed and maintained frontend components using Typescript
- Built responsive design

Portfolio Website

<https://www.yachna.cv/>

JavaScript | Tailwind | React.js | Node.js | MongoDB | Express.js

- Built with full MERN stack architecture, replacing static site with dynamic content served from MongoDB
- Built hidden admin panel at /yachna-admin with JWT authentication for live CRUD on skills, projects, and certifications
- Implemented Cmd+K command palette for keyboard-driven navigation and dark/light mode toggle with localStorage persistence
- Designed fully responsive layouts with dedicated mobile components and Web Audio API sound feedback on interactions
